

In 2012 Thunder Baseball league partnered with CABA Colorado to start the Susan G Komen Colorado Bats 4 a Cure tournament to give back to our community and to honor Lynne Williamson and her battle with Breast cancer. Since then, with your help we have donated over \$200,000 to this amazing group that makes sure Colorado families battling breast cancer have resources, medication and support in their fight.

So, this season we are swinging for the fences and hoping for a triple play with two new groups to support in addition to SGK. Levi's Legacy and Children's Hospital Neuro Oncology Department are near and dear to our hearts as they have helped families in our community as well as in our baseball family. This season's Bats 4 a Cure event is primed to be our most impactful and with your help the most fun.

By now some are wondering about the second logo at the top of the page. This season CBPA is happy and humbled to announce **BASEBALLISM** as a major sponsor for this event. Baseballism is a worldwide baseball and softball merchandise company that has always supported breast cancer awareness and childhood cancer research. The company is very excited to join with us in this amazing cause. We hope that this year's tournament will help us continue this partnership for years to come.

As part of this sponsorship, we will need to use baseballism's **BALLPLAYER APP**, to enter scores and track tournament results. Please use this link to download the app. <https://www.ballplayer.io/> or download on the app store. Championship teams will receive Baseballism rings and national social media coverage on baseballism's social media.

This season's Friday night opening ceremony will be one to remember with a skills challenge, silent auction, coaches fungo golf challenge, dunk tank and more. Sign your team up for the skills challenge at <https://cbpabaseball.org/current-programs>

Watch our socials for more info.
